

Europass Diploma Supplement

The **Europass Diploma Supplement** is issued to graduates of higher education institutions according to standards agreed by the European Commission, the Council of Europe and UNESCO along with their parchment and transcripts of results. The Diploma Supplement provides a standardised description of the nature, level, context, content and status of the studies completed by its holder, and access opportunities to the next level of education.

The Diploma Supplement is also part of the [Europass framework transparency tools](#). It also explains the Irish educational system and references the qualification against the European Qualifications Framework.

Graduates in all the countries taking part in the Bologna Process have the right to receive the Diploma Supplement automatically, free and in a major European language.

Click on one of the HEI and providers from the list for further information on obtaining a Europass Diploma Supplement
