Section One: How do providers gain access to the IEM application?

To gain access to the IEM application process, a provider must complete a Confirmation of Application form at www.iem.qqi.ie. Please note, the confirmation of application portal will only be open to providers prior to each application window.

The screenshot shows a web browser window with the URL <https://uat-iem-ui.azurewebsites.net>. The page features the QQI logo and the text "Dearbhú Cáilíochta agus Cáilíochtaí Éireann Quality and Qualifications Ireland". The main heading is "Confirmation of Application". Below this, a paragraph states: "Please complete this Confirmation of Application form if you wish to apply for the International Education Mark (IEM) in 2024. This is the first step in your application for authorisation to use the IEM. Once applications are open, QQI will contact providers who have completed this form." The form is divided into two sections: "Provider Information" and "Address Information". Under "Provider Information", there is a "Provider" label, a dropdown menu with "Provider name" selected, and a checkbox labeled "I am not on the list".

When a provider fills out the confirmation of application form, they will receive an email confirming that they have submitted a confirmation of application.
