

Quality in Irish Higher Education

A System-Level Overview of the 2024 Annual Quality Reports

Dr Cathy Peck

Overview

- Analysing the AQRs

System-level Analysis 2024

- Ongoing enhancement Activity
- Artificial Intelligence
- External Collaboration
- Programme Portfolios
- Teaching, Learning & Assessment
- Questions Raised

Analysing the AQRs

Inspiration...

- QA and QE Insight
- Initiatives, outcomes and early impacts

...and challenge

- Variability in reporting
 - Inclusions/focus
 - Granularity
 - Balance of description/data

2024 System-level Analysis

Reporting Period September 2022 – August 2023

Ongoing Enhancement Activity

Covid-19 no longer focal

Staff wellbeing, engagement & development

Digital infrastructure

Digitisation & process enhancements

Data-informed decision-making

Artificial Intelligence

Academic integrity
(mitigation & interim
measures)

Opportunities (service
provision & efficiencies)

External collaboration

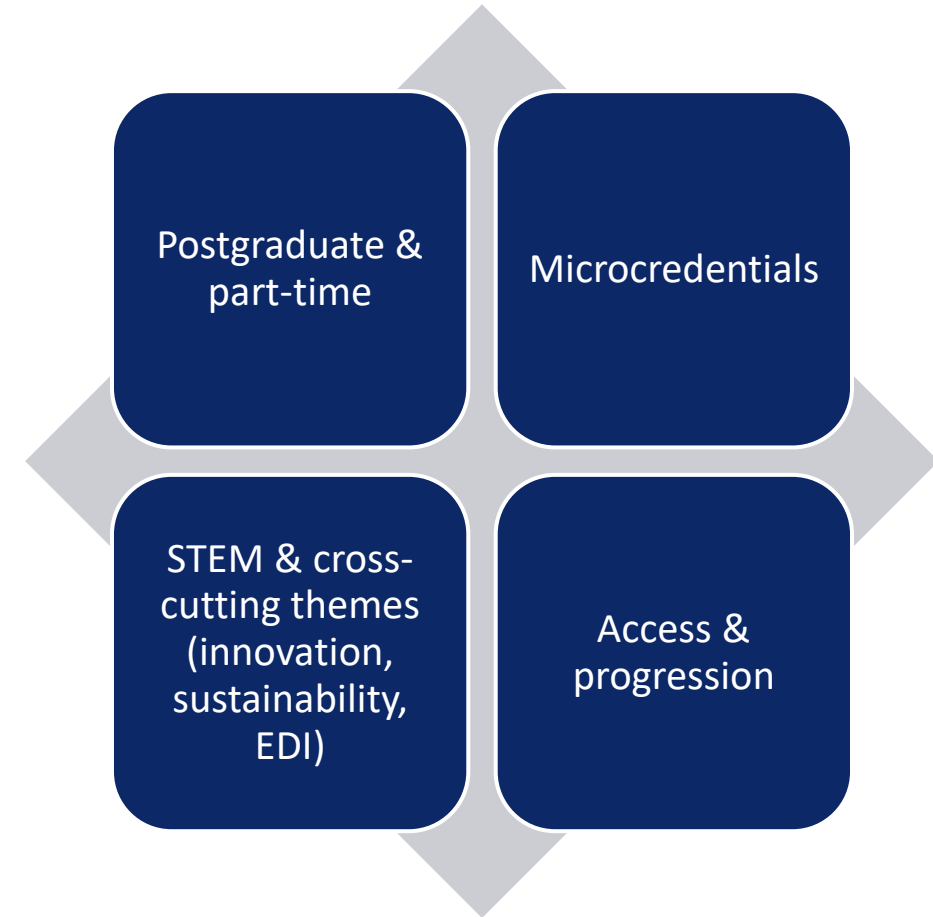

Industry

- Research
- Community engagement
- Programme development
- Upskilling initiatives

Europe

- University alliances
- Projects

Programme Portfolios

Teaching, Learning & Assessment

- Fostering industry-aligned, employability focused provision
- Inclusive assessment
- Assessment as and for learning

Questions Raised

How to represent the nature of (industry/international) peer review activity?

How to capture the impact of cross-cutting themes on QA/QE (SDGs, EDI)?

Thank you & enjoy the day!
