

National Academic Integrity Week 2026

Monday 19 October to Friday 23 October 2026

Programme of National Academic Integrity Network (NAIN) Events

National Academic Integrity Week is coordinated by the National Academic Integrity Network (NAIN), with support from Quality and Qualifications Ireland (QQI). This week brings together academic and professional staff, students, leaders, quality assurance professionals and academic integrity practitioners from across Ireland's tertiary education sector to share good practice, explore emerging challenges, and strengthen a culture of academic integrity.

This programme includes:

- **National/Open Events**, which are available to participants across the sector; and
- **Institution-Specific/Internal Events**, which are intended primarily for members of the host institution.

We thank participating institutions for contributing to this year's programme and encouraging dialogue, collaboration and good practice in academic integrity.

Registration links and access details for National/Open Events will be circulated through NAIN and QQI communication channels and published on the QQI website.

Queries regarding National Academic Integrity Week should be directed to: academicintegrity@qqi.ie.
